2. Your details

Email address: [REDACTED]

Name: [REDACTED]

Address: [REDACTED]

Contact phone number: [REDACTED]

Do you identify as an Aboriginal person?: No

Are you an individual or representing an organisation?: Individual

3. Organisation or business details

Who do you represent?: Other

If you selected Government, please clarify.:

If you selected Peak representative organisation, please clarify.:

4. Draft Regional Water Strategy objectives and vision

Do you support this vision for the Border Rivers Regional Water Strategy? : No

If no, please outline your vision for the long term management of water resources in this region?:

The Cotton Industry has raped our Borer river increasingly since the 1980s The giving nature of all Governments since the has been criminal.My family have been on the same land since the late 1880s we have an affinity to the land and the district generations before me developed into a great place to live.The Cotton Industry through their lust for water and greed have nearly completely destroyed the fabric of our district.I should think it prudent that they are given very little access to flood plain water which is the life blood of the floodplain.Granted them a licence will only give them some more ill gained value.We fight hard to keep the Boomi River in some sort of environmental health but often meet unbelievable bias from these water hungry Government manipulators.

5. Information and modelling used to develop the Border Rivers Regional Water Strategy

Do you have any comments about the information used to develop this strategy?:

Please provide details if there is additional information you think we should consider?:

6. Stochastic modelling method

Do you have any comments about the modelling method used to develop this strategy?:

Is there any additional information that you believe could help us assess the benefits and disadvantages of draft options?:

7. Opportunities and challenges for water management in the Border Rivers region

Do you have any comments on the opportunities, risks and challenges identified?:

Are there any additional opportunities, risks and challenges that we should consider and what options could address these?:

8. Draft Border Rivers Regional Water Strategy options

Which five (5) options do you think are most important?:

Please comment on why you think these options are most important? :

Which five (5) options do you think are least important? (If any):

Please comment on why you think these options are least important? :

Do you have any comments on the draft options?:

9. Option combinations

Do you have any thoughts on how the options could be combined with other options?:

Are there additional options that we should consider?:

10. Other comments

Do you have any other comments about the Border Rivers Regional Water Strategy?:

11. Referral

How did you hear about the public exhibition of this strategy?:

Communication from peak body
